EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher Rauch on 9/12/08.

The application has been amended as follows:

Claims 24-51 are canceled as withdrawn claims.

2. Claims 1-18, 21 and 23 are allowed over the prior art of the record
3. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is that prior art neither teach nor fairly suggest the particular combination of the angular velocity detector as appears in the independent claims 1, and 23. Major emphasis is being placed upon the provision of specific configuration and location of the "electrode" of the "displacement detector", in combination with other limitations of the said independent claims and their dependent ones.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Max H. Noori whose telephone number is (571) 272-2185. The examiner can normally be reached on Tuesday-Friday from 8:00 AM to 6:00 P.M.
